### ABOUT

**Velvet Sun** is the project of Austin-based producer and DJ Dri Molina — dark energy, gritty textures and relentless bounce, built for the peak of the night. He fuses the raw pulse of industrial drums with just enough melody to keep a room locked in.

His **"Like That" EP** on Klexos Records hit **#1 on the Beatport Tech House chart**, followed by the single **"Freak"** on the same label and **"Go Hard"** with Randy Perez on Play Records. His records are now in the crates of **Tini Gessler** and **Jay Crusoe**.

A member of **Cosmic Academy**, one of the most respected production schools in the world, Velvet Sun is now locked in the studio — building a catalog aimed at the biggest labels and stages in the game.
